AUTOMATIC BAGGING MACHINE

- Alligator Automations provides complete range of fully automated high speed bagging machines
- Automatic bag lifting and mouth opening
- Automatic Loading of bag to bag clamp
- Speed of operation 4 - 10 bag per minute
- Cost effective, save labor
- Increase productivity
- Low cost and robust technology

SECONDARY PACKAGING SYSTEM

- To pack pouches of grains and powder into pre-formed bags
- Replace high cost of Cartoning and Baling options
- Overcomes manual and disorderly packaging
- This Automates the Entire Secondary Packing
- Process and saves labor, time and space

CASE PACKAGING

- Fully Automatic Machine
- Bottom Taping/Hot Melt Options
- Small, Medium and Large
- Positive 4 flap closing
- Overcomes manual and disorderly packaging
- Save labor, time and packaging space

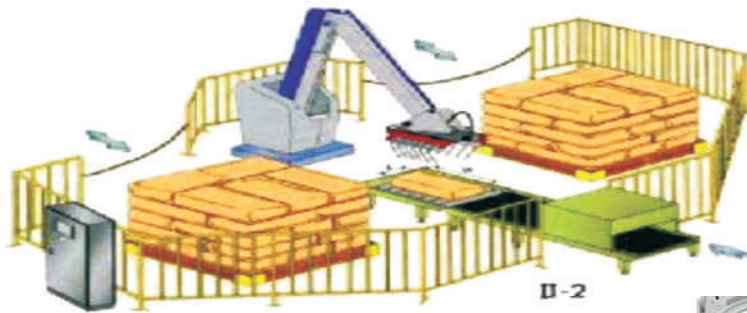

PALLETIZING SYSTEM

ROBOTIC PALLETISERS & DE-PALLETISERS

- We supply and integrate Robotic Palletising and De-Palletising Systems
- Typical Applications are Bags, Cartons, Buckets, Tin & Boxes
- This Solution saves lot of Time, Efforts and provides Accurate Counting of Material
- Can be Customized to operate from any Height to any Weight of Material

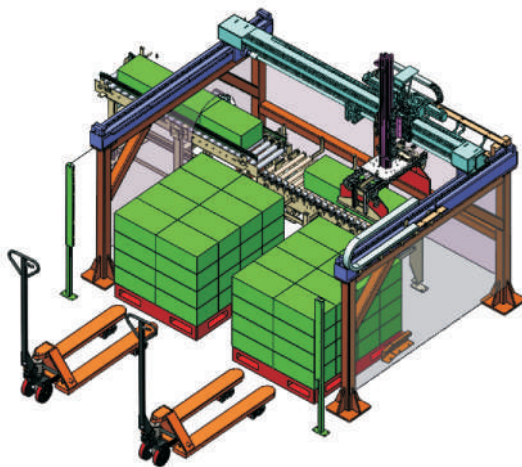

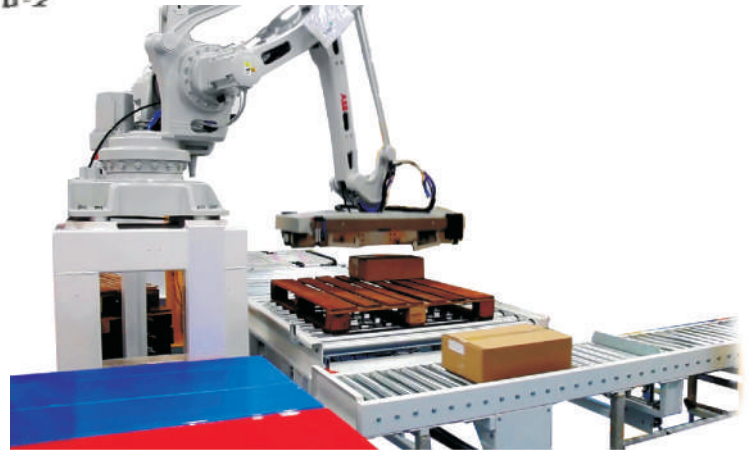

PALLETIZING METHOD

PALLET ON GROUND

PALLET ON CONVEYOR

GANTRY PALLETIZING

- We manufacture compact tailor made Gantry Palletizing System with different grippers suiting the requirements
- Saves labor, time and space
- Low cost and robust technology

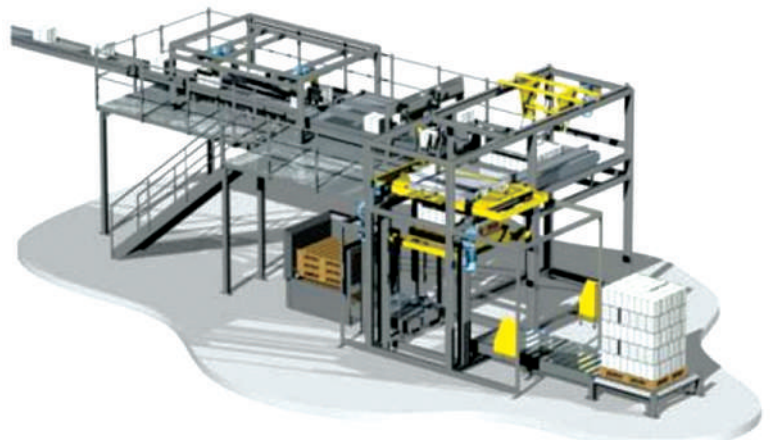

LAYER PALLETIZER

Features

- Low cost
- Custom Build Machine
- Overhead Type
- Can handle large work envelopes
- Can handle large pay loads
- Can handle multiple heads together

Specifications

- No of Axis : 2- 4 Axes
- Payloads : 10 Kgs - 500 Kgs
- Axis Travel : Customized to requirement

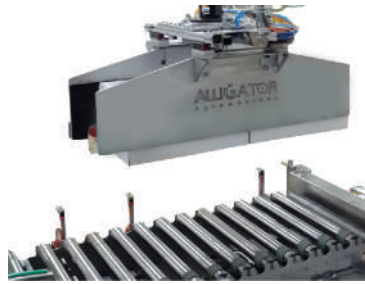

ROBOTIC HAND GRIPPER

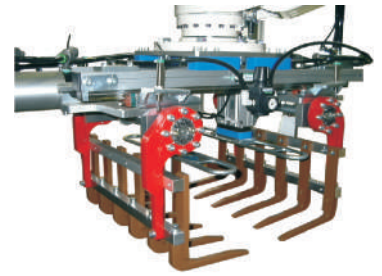

We manufacture Robotic Hand Grippers suiting for various application as below :

For Bottles

For Boxes

For Bag

PRODUCT INSPECTION

We manufacture and integrate world class check weighers and metal detectors for our Turnkey End of Packaging Line Automations

PRINTING AND LABELLING SOLUTION

We integrate world class
Printing & Labelling Solution for our
Turnkey End of Packaging Line Automations

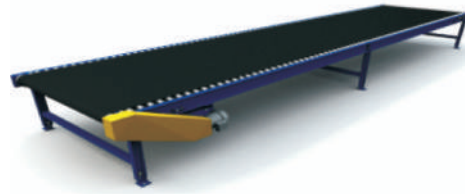

PALLET PACKAGING

We integrate all kind of Pallet Packaging Systems like Pallet wrapping, Pallet Strapping, Thermo Shrinking and Pallet Hooding

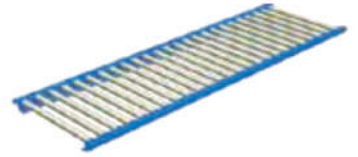

CONVEYOR SYSTEM.

ROLLER CONVEYOR

BELT CONVEYOR

GRAVITY CONVEYOR

O-RING CONVEYOR

COVERD CONVEYOR

WIRE MESH CONVEYOR

TURN TABLE

CHAIN TRANSFER CONVEYOR

PUSHER OR SORTER

WE HAVE COMPLETE RANGE OF CUSTOMISED CONVEYING SOLUTION FOR END OF LINE PACKAGING
